

Csatlakozás a Webex online előadásokra

1. A bejelentkezés előtt javaslok a fülhallgató csatlakoztatását. A bejelentkezést érdemes időben elkezdni, legalább 5 perccel a kezdés előtt. A Webex első használatakor szükséges, hogy feltepepítődjenek kiegészítő programok.
2. A regisztrációt követően érkezett a meghívó, amely tartalmazza a linket a csatlakozáshoz.

3. A linkre való kattintás után megjelenik a bejelentkezés oldala. Jellemzően kitöltődik automatikusan a „Registration ID” és „Password”. Ha nem, a meghívóban mindkét adat szerepel. Kattintson a „Join Now” gombra

4. A megjelenő oldalon válassza a „Run a temporary application” lehetőséget.

Step 1 of 2: Add Webex to Chrome

Follow this one-time process to join all Webex meetings quickly.

1 Add WebEx to Chrome

2 Add to Chrome
Cisco WebEx Extension
8,890,585 users
View details

It can:

- Read and change all your data on the websites you visit
- Communicate with cooperating native applications

Add Cancel

Select Add WebEx to Chrome. Select Add.

Add Webex to Chrome

Don't want to use an extension? Run a temporary application to join this meeting.

5. Kis idő múlva csatlakozik a szobába, a megjelenő ablakban válassza a „Use Comuter for Audio” majd a „Call Using Computer” lehetőséget.

Cisco Webex Training

Connected 10:35 06/10/2016

The screenshot shows the Cisco Webex Training interface. On the left, the 'Session Info' panel displays the following details:

- Topic: A Clarivate történet: Kutatás a gravitációs hullámokról
- Host: Eniko Toth Szasz
- Audio Conference: US Toll +1-240-454-0887
- Access code: 806 735 500
- Attendee ID: 59
- Training session number: 806 735 500

In the center, an 'Audio Conference' dialog box is open. It contains options to 'Use Phone' and 'Use Computer for Audio'. The 'Call Using Computer' button is highlighted with a blue rectangular box. Below this button, there is a text input field containing 'Test (speaker/microphone)' and a link that says 'Click to join this audio conference using your computer!'.

On the right side of the interface, the 'Participants' panel shows the host 'Eniko Toth Szasz' and one attendee, 'Stefan Toth (me)'. Below the participants list, there are icons for audio, chat, and a 'Send to:' dropdown menu.

6. A megjelenő ablakban letesztelheti a fülhallgatóját. Az „OK” gomba való kattintással csatlakozott.

This screenshot shows the same Cisco Webex Training interface as above, but with a 'Speaker/Microphone Audio Test' dialog box open in the center. The dialog box is divided into two sections: 'Speaker' and 'Microphone'. The 'Speaker' section allows the user to select a speaker to test (currently 'Reprosutor/HP Beatek High Definitio') and check if the volume is turned up. The 'Microphone' section allows the user to select a microphone to test (currently 'Fule mikrofonu Beatek High Definitio') and provides instructions to speak into the microphone until a green bar indicates a good range. At the bottom of the dialog box, the 'OK' button is highlighted with a blue rectangular box.

The 'Session Info' panel on the left remains the same. The 'Participants' panel on the right now shows the host 'Eniko Toth Szasz' and two attendees: 'Stefan Toth (me)' and another participant.

7. A hangbeállításokat az „Audio“ gomb alatt módosíthatja.

The screenshot shows the Cisco Webex Training interface. The top menu bar includes 'Audio', 'Participant', 'Session', and 'Breakout'. The 'Audio' menu is open, showing options for 'Audio Conference...', 'Speaker/Microphone Audio Test...', and 'Microphone Test...'. The main content area displays session information: Topic: A Clarivate történet: Kutatás a gravitációs hullámokról; Host: Eniko Toth Szasz; Audio Conference: US Toll +1-240-454-0887; Access code: 806 735 500; Attendee ID: 59; Training session number: 806 735 500. On the right, the 'Participants' panel shows 'Speaking: 1' with 'Eniko Toth Szasz (Host)' and 'Attendee: 1' with 'stefan toth (me)'. Below the participants list is a toolbar with icons for mute, unmute, and other audio controls. At the bottom, a status bar indicates 'Connected' and shows system information like 'CES US 10:59 06.10.2018'.

8. A kérdéseket a Chat ablakban várom. A vonalat automatikusan némítom. A nevük melletti mikrofon gombra való kattintással feloldhatják a némítást és élőben is kérdezhetnek.

The screenshot shows the Cisco Webex Training interface with the 'Chat' window open. The 'Audio' menu is still open. The 'Chat' window is highlighted with a blue box, showing a 'Send to:' dropdown menu set to 'Host' and a 'Send' button. The 'Participants' panel on the right shows 'Speaking: 1' with 'Eniko Toth Szasz (Host)' and 'Attendee: 1' with 'Stefan Toth (me)'. The 'Stefan Toth (me)' name is highlighted with a blue box, and a small microphone icon next to it is also highlighted. Below the participants list is a toolbar with icons for mute, unmute, and other audio controls. At the bottom, a status bar indicates 'Connected' and shows system information like 'CES US 10:51 06.10.2018'.
