Support for OPEN ACCESS
1. For more information on preparing your manuscript and the open access support, please visit the Cambridge Core website. Please select a supported journal. [https://www.cambridge.org/core/services/open-access-policies/read-and-publish-agreements/oa-agreement-eisz](https://www.cambridge.org/core/services/open-access-policies/read-and-publish-agreements/oa-agreement-eisz)
It is important that you add „Semmelweis University“ and your Semmelweis University email address in the affiliation on your pre-submission manuscript.
2. You can submit your prepared manuscript on the website of the journal you have chosen for publication. Please click on the "Submit your article" button.
3. Please create a new user account or use your ORCID to submit your manuscript.
Please navigate to "Start New Submission" where you can submit your manuscript (Begin Submission).
4. After your submission, the manuscript will be placed in "Peer Review" status, for which the corresponding author will receive a confirmation email.

Dear [Name],

Your manuscript entitled "[Title]" has been successfully submitted online for consideration for publication in [Journal Name]. Your manuscript ID is [ID]. Please mention the above manuscript ID in all future correspondence. If there are any changes in your contact details, please log in to ScholarOne Manuscripts and edit your user information as appropriate. You can view the status of your manuscript at any time by checking your Author Centre after logging in to [Link to ScholarOne Manuscripts].

If your manuscript is accepted for publication, please note that Cambridge offer discounts and waivers for publishing Open Access, including those negotiated by your institution as part of a read and publish agreement. Check your eligibility here: [Link to Open Access waivers and discounts]

Thank you for submitting your manuscript to [Journal Name].

Best regards,
5. After the manuscript has been accepted, the system sends an email to the author informing him/her of the possibility of Open Access publication. The email contains a link to the Open Access interface.
6. The link will take you to the journal's Open Access information page, where the author should declare whether they wish to take advantage of the OA publishing option.

Please click on "Open Access Articles" to make your article open access.
7. The system identifies eligibility for Open Access support based on the Semmelweis Affiliation indicated and exempts the author from paying the APC according to the EISZ Open Access Agreement.

The author should contact Semmelweis University as soon as possible and send the publication details to ejournals@semmelweis-univ.hu for further action.
