Kérjük ORCID-dal történő regisztráció esetén ellenőrizzék, hogy a Semmelweis Egyetem kerüljön az első helyre, mivel az Open Access támogatásunk legfontosabb feltétele, hogy a publikáción első helyen a Levelező szerző Semmelweis-es affiliációja szerepeljen.

Javasoljuk

Egyetemi IP című gépről dolgozni és Semmelweis-es email címet használni, hogy a Kiadót segítsük az SE Affiliáció beazonosításában.

Please note that for optimum performance, we recommend that your browser should be either Netscape 4.7 or above (preferred), or Internet Explorer 5.0 and above.

Before submitting a manuscript, please gather the following information:

- All Author
 - First and Last Names
 - Postal Addresses
 - Work Telephone Numbers
 - E-mail Adresses

In addition, all Manuscript details:

- Covering Letter
- Title and Running Title (you may copy and paste this from your manuscript)
- Abstract (you may copy and paste this from your manuscript)
- Manuscript files in Word, WordPerfect, Text, or RTF format.
- Figures/Images in external files in TIFF, or JPG in either grayscale or CMYK colour, not in RGB.
- Tables in Excel, TIFF or JPEG, or embedded with the text of the Word/WordPerfect/RTF format manuscript (embedding is not possible if your text is being submitted in plain text/TXT).
- Contact information (e-mail address and institution) of desired peer reviewers (if any).

NB Never embed the figures/images within the text from word processing software as embedded figures/images are not acceptable for production. Non-tabular supporting data submission (where applicable) must be as XLS spreadsheet.

The manuscript submission process is broken down into a series of 4 primary tasks that gather detailed information about your manuscript and allow you to upload the pertinent text and figure/image files. The sequence of screens is as follows:

1. The 'Files' primary task allows you to select the actual file locations (via an open file dialogue). You will be able to 'Browse' for the relevant files on your computer. Please include the figure number in the title line for each figure. On the completion screen, you will be asked to specify the order in which you want the individual files to appear in the merged document. Editors and/or reviewers will also be able to look at the individual PDF files if necessary.

. . .

4. The 'Submit' primary task is the last step in the manuscript submission process. At this stage the Manuscript Tracking System will perform a final check to ensure that all mandatory fields have been completed. Any incomplete fields will be flagged by a red arrow and highlighted by a red box. Click on the 'Fix' link to return to relevant section for completion. Once your manuscript has been finalised, click on the 'Approve Submission' button to submit your manuscript for consideration. A 'Manuscript Approved' message will display on your author desktop to confirm the submission.

Please note that our system cannot accept encrypted files. If your file is encrypted we would ask that you please recreate the file without encryption before attempting to submit it electronically. You can check to see if your file is encrypted by looking at the file properties.

Author Instructions

- The manuscript submission process consists of 4 primary tasks: 1. Files, 2. Manuscript Information, 3. Validate, 4. Submit. You will need to complete the primary tasks in the correct order.
- You will have the opportunity to make changes to your submission until you click the 'Approve Manuscript' button on the 'Approve Manuscript' tab.
- To save a draft version of your manuscript to complete at a later stage, click on the 'Save and Exit' button. You will
 then return to your author desktop

PLEASE NOTE: Authors submitting a **revised manuscript** after review must include two versions: (1) a marked up manuscript that highlights changes made in response to the reviewers' comments in yellow, labelled as Revised Manuscript - Marked up file type and (2) a 'clean' (non-highlighted) manuscript, labelled as Article file.

- Still confused? Click here for further instructions on how to complete the manuscript submission process.
